Pumpkin Holidays of Today. Directions. Read the description & draw a picture.

NAME _____

PUMPKIN HOLIDAYS OF TODAY.

In the Fall, from September to November, across much of North America, cultivated pumpkins can be seen in fields, on farm stands, and on display. When Halloween comes, pumpkins are made into decorative jack-o'-lanterns, introduced in the mid-nineteenth century. When Thanksgiving arrives, the pulp of the pumpkin is transformed into delicious pumpkin pie, cake, or cookies.
